

(3) Comply with Federal regulations and procurement policies relating to the calculation and use of profits, including those at § 683.295 of this chapter, the Uniform Guidance at 2 CFR part 200, and other applicable regulations and policies.

§ 678.605 How is the one-stop operator selected?

(a) Consistent with paragraphs (b) and (c) of this section, the Local WDB must select the one-stop operator through a competitive process, as required by sec. 121(d)(2)(A) of WIOA, at least once every 4 years. A State may require, or a Local WDB may choose to implement, a competitive selection process more than once every 4 years.

(b) In instances in which a State is conducting the competitive process described in paragraph (a) of this section, the State must follow the same policies and procedures it uses for procurement with non-Federal funds.

(c) All other non-Federal entities, including subrecipients of a State (such as local areas), must use a competitive process based on local procurement policies and procedures and the principles of competitive procurement in the Uniform Guidance set out at 2 CFR 200.318 through 200.326. All references to “noncompetitive proposals” in the Uniform Guidance at 2 CFR 200.320(f) will be read as “sole source procurement” for the purposes of implementing this section.

(d) Entities must prepare written documentation explaining the determination concerning the nature of the competitive process to be followed in selecting a one-stop operator.

§ 678.610 When is the sole-source selection of one-stop operators appropriate, and how is it conducted?

(a) States may select a one-stop operator through sole source selection when allowed under the same policies and procedures used for competitive procurement with non-Federal funds, while other non-Federal entities including subrecipients of a State (such as local areas) may select a one-stop operator through sole selection when consistent with local procurement policies and procedures and the Uniform Guidance set out at 2 CFR 200.320.

(b) In the event that sole source procurement is determined necessary and reasonable, in accordance with § 678.605(c), written documentation must be prepared and maintained concerning the entire process of making such a selection.

(c) Such sole source procurement must include appropriate conflict of interest policies and procedures. These policies and procedures must conform to the specifications in § 679.430 of this chapter for demonstrating internal controls and preventing conflict of interest.

(d) A Local WDB may be selected as a one-stop operator through sole source procurement only with agreement of the chief elected official in the local area and the Governor. The Local WDB must establish sufficient conflict of interest policies and procedures and these policies and procedures must be approved by the Governor.

§ 678.615 May an entity currently serving as one-stop operator compete to be a one-stop operator under the procurement requirements of this subpart?

(a) Local WDBs may compete for and be selected as one-stop operators, as long as appropriate firewalls and conflict of interest policies and procedures are in place. These policies and procedures must conform to the specifications in § 679.430 of this chapter for demonstrating internal controls and preventing conflict of interest.

(b) State and local agencies may compete for and be selected as one-stop operators by the Local WDB, as long as appropriate firewalls and conflict of interest policies and procedures are in place. These policies and procedures must conform to the specifications in § 679.430 of this chapter for demonstrating internal controls and preventing conflict of interest.

(c) In the case of single-area States where the State WDB serves as the Local WDB, the State agency is eligible to compete for and be selected as operator as long as appropriate firewalls and conflict of interest policies are in place and followed for the competition. These policies and procedures must conform to the specifications in
